

### **Environmental Policy**

Catching up with the trend towards environmental protection, Chilisin's products are processed in a 100% lead-free environment to meet the EU RoHS requirement. As a member of Sony Green Partner, Samsung Eco partner & ASUS GA, Chilisin is devoted to use green design, purchase green, produce green, and to take social responsibility for the environment. Chilisin has adopted the following policies with regards to environmental conservation:

To be a responsible enterprise

1. To comply with all laws and regulations.
2. To limit pollution and protect the environment
3. To conserve energy, reduce industrial waste, and recycle & reuse.
4. To encourage employees to adopt green initiatives.

### **Quality Policy**

Chilisin became the 1st inductor manufacturer in Taiwan to receive the TS16949 recognition through its top product design, automated production facilities and strict quality assurance system. Chilisin aims to deliver outstanding products and satisfy client needs as part of its overall quality policy.

With the intention to "meet demands and satisfy clients", Chilisin believes in the "one shot to perfection" philosophy.
